

Research & Intelligence - Capability Sheet

Version v1.0 | 2026-07-24 | Managed deployment review

Public summary for evaluation. It is not an executed agreement, a warranty, or a certification. Final scope, controls, residency, and terms are defined in your order form, data-processing agreement, and counsel-reviewed contract, which control over this document.

01

What this department is for

Prepare source-attributed evidence for consequential questions. It is a specialist workbench operated through Jueni Biashara AI: it prepares the work, keeps the source and next move visible, and sends decisions that carry weight to the people responsible.

02

Best for

Market, competitor, supplier, product, partner, and strategic decision support.

03

What it prepares

- Dated research packets
- Option and trade-off briefs
- Uncertainty and freshness notes

04

What it needs from you

- Decision question
- Constraints
- Evidence threshold

05

What changes

- Traceable sources
- Inference separated from observation
- Clear next evidence

06

Human authority stays with you

The accountable decision owner verifies high-stakes facts and retains decision authority.

07

Deployment status

Managed deployment review. Installation follows a scoped deployment contract - isolation, credentials, tools, storage, logs, updates, rollback, support ownership, representative validation, and acceptance review - before any live business system is touched.
